## What Our Customers Are Saying About Us

Nimbus has been doing my SEO and internet marketing for five years now. The traffic to my website and conversion to clients is really high! I'm so busy I've had to hire more staff and there is no end in sight. It just keeps increasing. I'm in an incredibly competitive market online so the fact that my ratings have increased so much is really impressive. Robert and Matt are super smart and on the cutting edge. They make it so easy and the price is a real value!

## A Message From Robert Portillo

### Founder of Nimbus Marketing

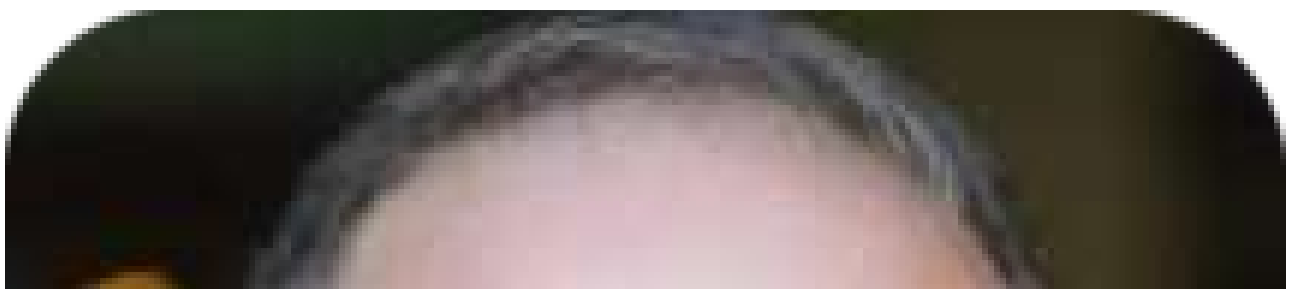

**Robert Portillo is the founder of the largest CRO group in the world - CRO Junkies on Facebook**

CRO is about people - putting their needs first. To increase conversions, you have to “walk a mile in their shoes”. And that is what we do when we optimize your website.

We put a lot of thought into the mind of your customers and potential customers. What is important to them? What do they believe in? What do they want? What do they need? How do they think?

If we have the pleasure of working with you, we’ll do just that. We’ll figure out how they think and optimize your website so that it caters to their beliefs, wants and needs.

Why wait? Our CRO service will pay for itself many times over. Plus, is guaranteed. You have nothing to lose, and so much to gain.
